Pet Doors

Making the lives of you and your pet easier.

Amerimax has established a high standard of quality for its products and for its vendors. That's why Amerimax has paired the New Horizons patio door with a high quality pet door system

Efficiency and Protection

Double flaps, nylon pile weather stripping, multiple alnico magnets for increased energy efficiency and safeguard against wind, insect intrusion, and unwanted animals.

Safety

Soft, flexible PVC vinyl flaps allow for easy pet access with no exposed screws to harm your pet.

Security

Impact resistant security cover with positive action pin lock increases product integrity.

Quality

Extruded frames will not fade, crack, break, or rust.

Choose the correct size for your pet!
